

Virtual Screening Room

Virtual Screening Room – what is it?

- Filmbankmedia's Virtual Screening Room, or VSR, is an online platform that allows the streaming of films anywhere in the UK with an internet connection
- It will allow film societies and community cinemas to screen titles virtually through their PC or Mac
- Films can be scheduled to start on a certain date and time
- Text chat functionality allows discussion 2 hours before and up to 24 hours after the film
- It can be used both for commercial bookings (where tickets are sold) or non-commercial bookings (i.e. free to the audience)

- The chat functionality will allow users to chat and respond in real-time before and after the film
- The chat functionality can be accessed via a “second screen” so the main screen can be used for the film
- End users will need a robust internet connection speed to stream the content
- The screenings can be booked via a VSR screening application form
 - “VSR-ready” titles will be highlighted on our website once live

Pricing

Licence fee

- No change to Filmbankmedia's standard Indoor ratecard:
 - Non-commercial bookings: from £83 flat fee
 - Comm: from £83 MG + 35% Box Office (which ever is the greater)

Additional fees

- There is an additional streaming fee, the price will be dependent on the number of people in your audience.
